FULL LIFE CHIROPRACTIC – OFFICE PROCEDURES & POLICIES

The purpose of this form is to allow us to more completely serve you so you can get the best results in the shortest amount of time.

□ **UPON ARRIVAL** - When you arrive, we ask that you turn off all pagers and/or cell phones and leave food or drinks in your vehicles. This will assist us in maintaining a clean, convenient healing atmosphere. Please complete your daily health form, sign and date it. This will give us a detailed record of how you feel your care is progressing. In order to provide the chiropractic care you need as conveniently as possible and with little interruption, please remove all earrings and necklaces, ensure all jackets, coats, and school bags are removed and left in the waiting area on each visit. There are wall hooks that you may hang your items on. For patients who wear glasses, please remove them before lying face down.

□ **ADJUSTING AND CHECKING AREAS** - Out of respect for each and every one of our patients, you will be informed when it is your turn to be adjusted. You may then walk back to the adjusting room. Make sure the head rest paper has been changed and then lie face down on the table. The reason we request you to lie down is to relax your muscles prior to your adjustment. Please limit all conversations in these areas to your care.

□ **YOUR APPOINTMENTS** - The doctor will let you know when he/she needs to see you next. We set aside a time slot where we can be with you 100%. This is your time. If you must reschedule an appointment, please notify the office 24 hours prior to the change. All appointments must be made up as soon as possible in the week for which the change occurred. The appointment cannot be skipped because keeping to your schedule is a critical component in your care. We recognize that emergencies can arise. If you are unable to make it on time, please call to give notice. We will fit you in. A $35 fee for missed appointments with failure to notify the office 24 hours prior will be charged to the patient's account.

□ **YOUR HEALTH** - Spinal healing and correction takes time. If at any stage in your care you do not feel that you are responding as well as you expected, please discuss your concerns with our office immediately. We will schedule a special time for you with the doctor to discuss your concerns. We want you to get the most from your chiropractic care. Remember it is not how you are feeling, but it is how you are healing.

□ **OFFICE HOURS** - Monday, Wednesday, Friday are as follows: 7am-1pm; Tuesday and Thursday 12pm-6pm

□ **FINANCES** - Payment is due at the time of service, unless other arrangements have been made prior to care. There will be a $25 service charge for all NSF checks. Any balances 60 days passed due without prior arrangements may be referred to collections and will be assessed a 35% service fee. I authorize Full Life Chiropractic, its agents, representatives, and attorneys (including collection agencies) to contact you via current and future cellular phone number(s), email address, or wireless device(s) regarding my delinquent account. I authorize the use of automated telephone dialing equipment, artificial or pre-recorded voice or text messages and personal calls and emails, in efforts to contact me in purpose of collecting a portion of the past due account.

□ **CHIROPRACTIC QUALITY** - The doctor is periodically out of the office to attend seminars and conferences to further his education and the quality of chiropractic care brought to patients. We will build your schedule around those times. Increasing visit frequency before and/or after the scheduling change will make up for patient and/or doctor absenteeism.

I have read and understand as well as agree to these policies.

HIPPA PATIENT CONSENT FORM

The Department of Health and Human Services has established a “Privacy Rule” to help insure that personal health care information is protected for privacy. The Privacy Rule was also created to provide a standard for certain health care providers to obtain their patients’ consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal medical records and will do all we can to secure and protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information about treatment, payment, or health care operations, in order to provide health care that is in your best interest. Your Personal Health Information (PHI) will never be given to any entity besides what is required for your treatment, payment, and health care operations.

We also want you to know that we support your full access to your personal medical records. We may have indirect treatment relationships with you (such as radiologists that only interact with physicians and not patients), and may have to disclose personal health information for purpose of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer, Dr. Andrew Newell, D.C.

You have the right to review our privacy notice, to request restrictions, and revoke consent in writing after you have reviewed our privacy notice.

I have read the HIPAA Patient Consent Form. All questions I have regarding this policy have been answered.
